#### NOTIFICATION.

**No. 6983A.—The 31st May 1924.**—The following provisional rules to regulate the **1st** at by examination of certain of the provincial and other services in Bengal **1924** are published for general information. A separate announcement with

made of the dates and place of the examination. Existing orders regarding the partial recruitment of any of these services by promotion will remain unaffected :—

#### RULES.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, Income-tax officers recruited by the Commissioner of Income-tax, Bengal, the Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.

2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government and the Commissioner of Income-tax, Bengal, reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The Commissioner of Income-tax also reserves the right to make appointments by nomination to posts for which special, technical or linguistic qualification is required.

3. **Choice of service.**—Each candidate for direct recruitment will specify in his application the service or services for which he desires to be considered for these in the order of his preference, and the choice thus indicated in the appointments will be assigned to successful competitors with due regard to the number of vacancies in the various services.

4. **Communal representation.**—The Examining Board will submit separate lists showing (a) the Muhammadan candidates, (b) candidates belonging to backward classes and other minorities, and (c) all others; and appointments from these lists in the order of merit of the candidates, provided that appointments to be filled by the Muhammadan candidates shall in no case be less than one-third if there are qualified candidates available, and that Government reserve the right to nominate any qualified candidate in list (b). In the Upper Division of the Secretariat Clerical Service, the due proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the College from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. Candidates who passed the examination as non-collegiate students shall send in their applications to the Registrar, Calcutta University; candidates from Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

8. **Application fee.**—Every candidate must submit with his application stamps of the value of Rs. 5, or a chalan showing payment to a Government treasury of the sum of Rs. 5. Applications stamped with postage stamps will not be accepted.

9. **Selection Committee.**—The Governor in Council shall appoint a Selection Committee. This Committee shall be composed of officials and non-officials and be presided over by a high officer of Government.

10. **Nomination.**—The heads of Colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates forwarded in accordance with the allotment of nominations shown in

Schedule II and shall certify the moral character of each candidate so nominated. In making these nominations due regard should be paid to the desirability of different classes and communities being represented in the public service.

**11. Selection certificates.**—In order to make the appraisalment of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of backward class candidates and other minorities and shall call for further nominations from the heads of Colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach the proportion of one-third.

**12. Conditions of eligibility.**—The indispensable qualifications of a candidate are—

- (a) that he is a native of the province or has a permanent domicile within the province ;
- (b) that he is a natural born subject of His Majesty or of an Indian State ;
- (c) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held ;
- (d) that he is of good character ; and
- (e) that he is of sound health, good physique, active habits and free from organic or functional bodily infirmity.

On his application a candidate shall submit proof of his age, and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his private character. Such certificates must have been written not more than one year prior to the date of application.

**13. Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character.

**14. Eligibility of Government servants.**—Unless specially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination.

**15. Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

**16. Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render his name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

**Syllabus of examination and marks.**—The examination will be held in the Bengali and English languages according to the syllabus as shown in Schedule III, which also indicates the marks to be attached to each paper at the examination. As the possession of a knowledge of the provincial vernacular is an essential condition of appointment, candidates must be able to speak and write in the vernacular. In the case of candidates of ordinary spoken and written language is not Bengali will be required to translate from English into Bengali and *vice versa* in the compulsory paper.

**Medical examination.**—As soon as the result of the examination has been declared, all candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV.

 Convergency, divergency, and summation of series.  
 Variation.  
 Theory of limits.  
 Inequalities.  
 Continued fractions.  
 Determinants.  
 Elementary theory of equations including the approximate solution of numerical equations.

**(ii) Geometry.**

Geometry of the triangle, circle and conic sections.  
 Analytical Geometry of the straight line and conic sections.  
 Trigonometry : circular and hyperbolic functions : properties of triangles : summation of series : De Moivre's theorem : factorisation : expansion of the circular and hyperbolic functions in series.  
 Geometry of three dimensions : plane straight line : conicoids : sections : generating lines of conicoids : curvature of surfaces.

**(iii) Differential and integral calculus.**

Theory of limits : differentiation : maxima and minima : summation  
 differentiation : integration : definite integrals  
 equation of the first and second orders : F  
 geometry of curves.

**(B) Mixed.****(i) Statics.**

Statics of a single particle.  
 Statics of systems of particles.  
 Friction.  
 Centre of mass.  
 Principle of virtual work.  
 Equilibrium of strings.  
 Machines.

**(ii) Dynamics of a particle.**

Velocity, acceleration, laws of motion.  
 Projectiles.  
 Impact.  
 Work and energy.  
 Motion of a particle in a plane under the influence of forces : orbits.

**(iii) Hydrostatics.**

Fluid pressure : centre of pressure : pressure on curved surfaces :  
 Conditions of equilibrium of a floating body.  
 Theory of the Metacentre.  
 Hydraulic and pneumatic machines.

**(iv) Astronomy.**

Elementary spherical trigonometry : refraction : parallax : precession : nutation  
 aberration : the sun and the moon : eclipses : measurement of time : the equation of  
 time : determination of latitude and longitude : sextant : the principal instruments  
 in an observatory : descriptive discussion of the principal constellations : comets :  
 nebulae.

**3.—Physics.****(A) General, Heat and Light.****(i) General Properties of matter.**

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of

**(ii) Heat.**

Thermo- expansion, calorimetry, change of state, conduction, radiation,  
 dynamics.

(iii) *Light*.

Reflection and refraction, dispersion and chromatic aberration, spherical aberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) *Magnetism and Electricity.*

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electromagnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radioactivity, structure of the atom.

(c) *Practical.*

The practical examination involves experimental work ranging over the above syllabus.

The standard is indicated by the following text books:—

General Properties of Matter	...	...	} Poynting and Thomson.
Heat	...	...	
Light	...	...	... Preston.
Magnetism and Electricity	...	...	... J. J. Thomson.

**4.—Chemistry.**

sics, (i), (b) and (c) *Inorganic, Organic and Practical.*

of Molecules and its applications; Dalton's Atomic theory; Atomic weights; Chemical Chemistry and Stereo-isomerism; Periodic Law; Radioactivity; Laws of true solution; Conditions of Chemical equilibrium; Homogeneous system; Rate of chemical transformation; Catalysis; application to one and two component systems. Nature of chemical reaction in Thermo Chemical and Electro Chemical reactions. Elements and their important compounds; the inert gases; complex compounds and cyanides. Manufacture of the common industrial products—Sulphuric acid—with special reference to Indian conditions. The following organic compounds and their simple derivatives:—methane and ethane; ethylene and acetylene; benzene, toluene, anthracene, pyridine and naphthalene, methyl, ethyl and propyl acetate, ethyl benzoate and ethyl malonate; lactic, oxalic, malonic, succinic, malic, and citric acids; fumaric and maleic acids, glycerol and urea. Chemistry of alcohols, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and azo compounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing four inorganic radicals; identification of a common organic compound; simple gravimetric and volumetric estimation.

**5.—Classical languages.**(I) *Latin.*(a) *Translation.*

The paper shall consist of (a) passages for translation from Cicero or Caesar, and Virgil or Lucretius, (b) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (c) a piece of English prose for translation into Latin. One hundred and fifty marks of which 75 shall be given to (c).

(b) *Language, Literature and Grammar.*

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(II) *Greek.*(a) *Translation.*

shall consist of (a) passages for translation from Homer and Demosthenes, (b) passages from one or more of the following—Thucydides (excluding dialogues), Xenophon, Plato, (c) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (c).

(b) *Language, Literature and Grammar.*

The paper shall consist of questions on Accidence, Syntax, the development of the Greek language in its chief forms, the contributions of the Greeks to the development of civilisation, Greek history and geography.

A choice of questions shall be allowed.

1 to 10

**(iii) Sanskrit.**

**(a) Translation; (b) Language, Literature and Grammar.**

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

**(iv) Arabic.**

**(a) Translation.**

(i) From English into Arabic and (ii) from Arabic into English.

**(b) Language, Literature and Grammar.**

Muhammadan civilisation including—

(i) History and (ii) Literature.

(i) The outline of *Muhammadan History* from the <sup>conquering</sup> fall of the Abbasides of Baghdad in the mid-tenth century.

(ii) A general knowledge of the History of Arabia, including to modern method and elements of Arabic Prose.

**(v) Persian.**

**(a) Translation.**

All translation will as far as practicable be from and into the Persian of Iran.

**(b) Language, Literature and Grammar.**

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, e.g., the Ghaznavi and Saljugi period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsuri, Minuchihri, Anvari, Naisr-i-Khisran, Khayyam, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

**(vi) Pali.**

**(a) Translation.**

(i) Passages prose and verse of moderate difficulty for translation from Pali into English.

(ii) A passage of moderate difficulty for translation from English into Pali.

**(b) Language, Literature and Grammar.**

1. Knowledge of literature will include—

(i) A knowledge of canonical literature and commentaries as well as literature outside the canon;

(ii) History of Buddhism from its rise to the 7th century A. D.;

(iii) Indian civilisation as depicted in the canonical Pali literature; and

(iv) Indian thought and ideals at the time of the rise of Buddhism.

2. The questions on language and grammar will include—

(a) Elementary knowledge of Sanskrit grammar;

(b) Elementary knowledge of the principles of comparative philology;

(c) Knowledge of Indian inscriptions from the earliest times to the present.

A fair number of questions will be given

## (vii) Urdu.

## (a) Translation.

From English into Urdu and (ii) from Urdu into English.

## (b) Language, Literature and Grammar.

- (i) A general knowledge of the history of Urdu language and literature.  
(ii) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

**6.—History.**

## (a) Indian History.

A knowledge of Ancient, Mediæval and Modern India will be required. The main stress will be laid on the period 1500-1920 A. D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known; also the history of foreign countries, so far as it directly affected the history of India.

## (b) English and European History.

The stress in this paper will be laid on English History, knowledge of European History, required in so far as it more or less directly links up with English importance will be attached to the period 1500-1920 A.D. Political and constitutional history will all be required. Sketch of the growth and history of the British Empire should be known.

**7.—Philosophy.**

## (a) Ethics and Metaphysics.

Province. Relation of Ethics and Metaphysics to cognate subjects of Logic and Ethics. *A priori* and *a posteriori* Theories. Discussion of various theories of knowledge. Relation of the Finite to the Infinite, the Conditional to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The Idea of God. The Idea of God. Relation of God to the World and the Soul. Immanence and Transcendence. Agnosticism, Scepticism, Pantheism. Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Morality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern).

## (b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconscious. Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory).

**8.—Economics.**

## (a) Political Economy; (b) Economic History and Application to India.

Political Economy.—This subject will include the Organisation of Production, Consumption, Value, Monopoly and Distribution; the problems of Population, Industrial Peace; the theories of Money, Prices, Credit and Banking; the theory of International Trade and Foreign Exchange; the principles of

Candidates will be expected to show familiarity with the economic conditions and problems of India, and to be able to apply the principles of Political Economy to the Indian conditions.

Candidates are also expected to have some knowledge of the economic conditions of England and other countries.

**9.—Botany.****(a) and (b) Theoretical Course.**

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algae (*Chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria*, and *Chara*), Fungi (Yeast, *Mucor*, *Peronospora*), Musci-  
neæ (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium*, *Sellaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms. Physiology of plants including the principal experiments. Outlines of the ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systemic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice, and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

**(c) Practical Course.**

Knowledge of microtechnic including free hand section cutting, examination. Drawing of dissection of flowers and microscopic sections of common plants of Bengal to their Natural orders. Identification of specimens. Simple physiological experiments.

**10.—Geology.**

The examination in Geology shall consist of (a) and (b) two theoretical papers and (c) one practical paper.

(a) and (b).—The theoretical course shall consist of—

**Dynamical and Structural Geology.**

Geological function of Air, Water and Life. Earthquakes and volcanoes. Subsidence and upheaval and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

**Mineralogy and Petrology.**

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock types. Building materials.

**Paleontology and Historical Geology.**

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(c) The practical examination shall include (i) the identification and description of rocks and minerals, (ii) the description of microscopic sections of rocks, (iii) the recognition of important genera of fossils and (iv) the drawing and interpretation of geological maps and sections.

**11.—Physiology.****(a) and (b) Theoretical Course.****General Physiology.**

1. The Cell-membrane, Physico-Chemical processes—diffusion, Osmosis, Osmotic pressure, Electrolytes, Ionisation, Surface tension, Absorption of colloids, Catalysis and Enzymeaction.

**Chemical Physiology.**

2. Chemical composition of the body, Chemistry of carbohydrates, proteins, Chemical Physiology of blood and lymph, Coagulation, Haemolysis, Tests for blood, Immunity.

**Histology.**

3. Histology of the terminal meristems.

1. The cell, Segmentation of ovum and formation of blastomeres, Appearance of blood, lymph and milk in the animal body.

*Physiological Processes.*

2. Physiology of contractile tissues, Functions of nerve-cells and nerve fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamins, physiology of endocrine organs, hormones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production and speech, Physiology of the Central and Autonomic nervous systems, special physiology of the organs of sense and Physiology of growth and reproduction.

**(c) Practical Course.**

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, Chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constituents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtome and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Hæmacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiology and Histology. A practical acquaintance with the methods of performing the following experiments, Experiments:—

1. **and Nerve.** Myographic method of demonstration of the contraction of muscles. Tetanus. Fatigue. Work done by a contracting muscle. Velocity of nerve-impulse.

2. **the frog's heart.**—Normal tracing of the heart beats. Modification of the application of heat and cold, drugs, and stimulation of the heart.

3. **mark the tracing of the pulse.** Determination of blood pressure in man by sphygmomanometers.

4. **of reflex action in "Spinal" frog.**

**12.—Zoology.****(a) and (b) Theoretical course.**

Theories of Zoology and principles of classification.

Cell division. Elementary tissues, their morphological differentiation and division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X): Protozoa, Porifera X, Coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinodermata X, Chordata, Hemichorda, Cephalochorda X, Urochorda X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell inheritance Eugenics.

**(c) Practical course.**

Knowledge of micro-technic, including section cutting by paraffin method. Microscopic examination and dissection of Amoeba, Paramecium, Monocystis, Spongia, Hydra, Planaria, Pheretima, Palaemon, Periplaneta, Amellidens, Ampullaria, a starfish, sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

**III.—OPTIONAL SUBJECTS.****13.—Ancient Indian History and Culture.**

Origin of the Vedas,—the Samhitas, the Brahmanas and the Sutras.

and development of Buddhism and Jainism.

General history from the 7th century B.C. to the 12th century A.D.

Administrative system and political theories.

Economic condition, including trade and maritime activity.

Social organisation of the Post Vedic period, with special reference to the caste system.

**Books recommended indicating the standard required.**

Cambridge History of India, Vol. 1, pages 1—318.

V. A. Smith—Early History of India.

R. C. Dutt—Civilisation in Ancient India.

Dr. P. N. Banerjee—Public Administration.

#### 14.—Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

#### 15.—History of Islam.

The paper will be divided into two parts: History of Islam in and outside India—each part carrying 75 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues but a good knowledge of the social, political and economical conditions of the Islamic Empire. He will be further required to know the sources of information on his subject—contemporary and modern—and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his ability in organizing on the essentials as opposed to non-essentials in a long, complicated narrative.

#### 16.—Political Theory and Government.

*Politics.*—This subject will include political theory. Candidates will be required to show a knowledge of the theories about the origin of the state, theories of law and sovereignty, about state interference, the structure of Government, forms and ends of the state. A knowledge of the historical development of important theories will also be required.

Political organization will include a study of the details of the constitution and the Indian constitution and the outlines of the constitutions of the States, Germany, Canada, Australia and South Africa. The history of institutions not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

#### 17.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States.

British Colonies and the Native States of India.

Sea and the Territorial waters: Nationals, Aliens and Domicile.

Nationality and nationalisation in India and the Colonies.

Criminal jurisdiction and extradition.

Jurisdiction of the High Court of Justice and the Foreign Courts.

The Peace Treaty, and

The League of Nations Covenants.

Legal relations as affected by war.

Duties of neutral states.

Contraband of war.

#### 18.—Roman Law.

Historical sketch of the Roman Law down to Justinian.

General knowledge of the subject with special reference to the law of persons.

Law relating to rights.

Law of obligation.

Law of succession—both testamentary and intestate.

Criminal Law and Procedure.

#### 19.—Jurisprudence and Principles of Legislation.

Jurisprudence—What it means: its growth as a science of positive law.

A general knowledge of the subject with special reference to—

Law and Rights.

Private Law.

The application of law.

Principles of Legislation—with special reference to the Law of the 19th century.

Rights of the Individual.

Law of utility and the distribution of property.

Domestic relations.

Law of Socialism—Aims and policy of the Socialists.  
Land and the Landlords, the Capital and

**20.—English Constitutional Law.**

A general study of the subject with special reference to the Nature of Constitutional Law and its place in jurisprudence.

Nature of Parliamentary Sovereignty.  
House of Commons.  
House of Lords.  
Functions of the Crown in Parliament. Cabinet.  
Right to Personal Freedom  
Right to Freedom of Discussion.  
Right of Public Meeting.  
Conventions of the Constitution.

**21.—Hindu and Muhammadan Law.**

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

**Hindu Law.**

1. Sources—Ancient and Modern Sources. Legislation relating to Hindu Law.  
Schools of Law—Mithyā, Smṛiti, and Custom.  
Standards of; Capacity for marriage and prohibited degrees. Effect of marriage between husband and wife.  
Adoptive—Effect of illegitimacy—The law of adoption—Dayabhaga law. Partition. Impartible Estates.  
Succession—According to the Mitakshara and Dayabhaga Schools.  
Hindu Wills Act—Probate and Administration Act—Hindu Dispositions—Trusts and Endowments. Private and Public Debtor.

**Muslim Law (according to Hanafi and Shiah Schools).**

Schools of Law. Custom in Muhammadan Law.  
Capacity for marriage—Prohibited relations—Forms of marriage—Effect of marriage—Law of Dower—Divorce.  
Legitimacy—Kinship—Affinity and Fosterage.  
Inheritance.  
Gifts—Donatio mortis causa—Wakfs, public and private—Wakf Validity.

**22.—Anthropology.****Social.**

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

**Physical.**

The subject includes pre-historic Archaeology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

**23.—Comparative Philology.**

The subject shall include—

(a) the general principles of the Science of Language, including Elementary Genealogy, Phonetics, Families of speech, Evolution of Language in Phonetics, Inflections, and Meaning, the Evidence of Language in the History of Civilization and Historical Speculation.

The Philology of one of the following languages to be selected at the option of the candidate:

Sanskrit, Pali, Persian, Arabic, English, Bengali, Hindustani (Urdu or Hindi).

The examination will be in two parts with 75 marks for each.

**24.—Bengali Language and Literature.**

Candidates will be expected to possess a general knowledge of the history of the Bengali Language and Literature from the time of Chandidas down to Chandra Chatterjee. The questions will demand a first-hand acquaintance with the important works of each period within the above limits, and will include Bengali Philology, Social and Political History, as well as literary criticism. Answers should be given in Bengali, the correctness of which will be taken into consideration in awarding credit.

**25.—Commercial Law.**

Arbitration; Contracts; Principal and Agent; Carriage by Land; Carriage by Sea; Instruments; Bankruptcy.

Companies;  
Negotiable

**26.—Statistics.**

(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus, frequency distributions, average percentiles, and simple methods of measuring dispersion, graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data; the practice of the simplest graphic and algebraic methods of interpolation.

(2) The application of the more practical methods of statistics to the interpretation and analysis of Indian Statistics relating to population, trade, prices and wages.

(3) Elementary Mathematical Statistics including:—Forms of average and measures of dispersion. The normal curve, and methods of deriving other frequency curves. Theory of association, and co-relation for two variables. Theory of errors of sampling as applied to the above.

A wide choice of questions will be given so that a candidate without advanced mathematical knowledge might obtain full marks by answering questions under paragraphs (1) and (2).

**27.—Geography.**

Candidates may be asked to show their ability to draw neat and accurate maps.

**A.—Geography of the world.**

- (1) Elementary Astronomy.
- (2) Natural Phenomena—Wind, rain, etc., and their causes.
- (3) Land and sea distribution. Main river and mountain system, their importance, political and economic.
- (4) General Climatic Geography of the world.
- (5) Main trade routes. Distribution of oil, coal, wheat, wool.

**B.—Geography of India.**

- (1) General description and Physical Geography.
- (2) Relation of Geography to—
  - (a) Climate (with special reference to the monsoon currents).
  - (b) History of India.
  - (c) Economics. The main products of the country and their nature of trade and distribution. Railway and river systems.
- (3) Influence of Geography on relations of India with—
  - (i) Neighbouring countries.
  - (ii) United Kingdom.
- (4) Ethnographic Geography.

**C.—Geography of Bengal.**

River and railway system.  
 Natural products.  
 Ports.  
 Trade—Internal and External.  
 Climate.

**SCHEDULE IV.**

(See rule 18.)

**Form of medical certificate for candidates for appointment to the Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Subordinate Civil Service, the Income Tax Department Subordinate Excise Service and the Upper Division of the Secretariat Clerical Service.**

The attention of the Medical Board is specially directed to the following

No person will be deemed qualified for admission to the service who shall be found by the Government that he has no disease, constitutional affection or bodily infirmity which is likely to unfit him for the service. It should be understood that the fitness involves the future as well as the present and that one of the objects of the medical examination is to secure continuous effective service, and in the case of permanent appointment to prevent early pension. It is at the same time to be understood that the Government is not prepared to accept of the likelihood of continuous effective service, and that a candidate is not to be recommended for appointment on account of the presence of a defect which is likely to be found to interfere with continuous effective service. It is to be ascertained from the candidate whether he has been

pronounced unfit for Government service by any duly constituted medical officer in India or elsewhere.

**Minister in charge: The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.**

**No. 216T.-M.—The 16th June 1924.**—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to appoint Mr. H. S. R. Boyagian to be a Commissioner of the Chittagong Municipality, in the district of Chittagong, *vice* Mr. W. B. Venters, resigned.

*June 1924.*—The following draft of by-laws which the Government of Bengal (Ministry of Local Self-Government) propose to make for the Dacca Municipality Hackney-carriage Act, 1911, referred by sub-section (1) of section 71 of the Bengal Act I of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 25th August 1924 and any objection or suggestion received by the undersigned before that date through the District Magistrate, will be duly considered.

**Draft by-laws under sections 71 (f) of the Calcutta Hackney Carriage Act, 1919 (Bengal Act I of 1919) for the Dacca Municipality.**

**Appointment and duties of the Registering officer.**

1. Every hackney carriage in the Dacca Municipality shall be annually registered by the registering officer, appointed for the purpose by the Municipal Commissioners. The registering officer shall keep a register in which he shall enter the class and number of every hackney carriage.

**Qualifications of Drivers.**

Every person applying for a driver's license shall be required to satisfy the registering officer :—

- (a) That he knows how to drive and control horses and is in all respects a fit person for such employment ;
- (b) That he is well acquainted with the principal streets, offices and places of interest in and around Dacca Municipality ;
- (c) That he has a thorough knowledge of the list of fares and tables of distance prepared by the Municipal Commissioners ; and
- (d) That he knows the rules of the road and the signals used by drivers and by the traffic police.

3. Licenses for hackney carriage drivers and bearers for palanquin and rickshaws will be in different forms. There shall be attached to each license in such manner as the Commissioners may prescribe—

- (a) the thumb mark of the driver ; and
- (b) a table of fares and distances, to be prepared and printed under the authority of the Municipal Commissioners. The tables of fares and distances shall be supplied to every driver or bearer on payment of a fee of annas 4 for each copy.

4. Every driver of a hackney carriage or bearer of a palanquin or a rickshaw shall carry with him and produce when called upon to do so by any police officer or by his fare or Municipal Commissioner, his license with the table of fares and distance.

5. No hackney carriage driver shall drive with his feet in any other position than on the foot-board of vehicles, nor shall he muffle up his face and head in such a manner as might endanger the proper driving of his vehicle.

6. No hackney carriage driver shall be allowed to drive any licensed hackney carriage or carriages other than those specified on his license without the permission of the registering officer.

**Uniforms.**

7. The uniform of attendants and drivers shall be clean and the drivers and attendants of 1st, 2nd and 3rd class hackney carriages shall wear a khaki uniform consisting of a khaki coat and a badge.

## MARINE DEPARTMENT.

## NOTIFICATIONS.

*No. 46 Marine.—The 19th June 1924.*—The following rules, which, in exercise of the power conferred by sub-section (1) of section 5 of the Indian Ports Act, 1908 (XV of 1908), the Governor in Council proposes to make for the Port of Chittagong, in modification of the rules made under Government of Bengal notifications No. 144 Marine, dated the 2nd June 1890, and No. 43 Marine, dated the 23rd February 1897, is published, as required by sub-section (2) of the said section, for the information of persons likely to be affected thereby.

II. The draft rules will be taken into consideration on or after 25th July 1924, and any objections or suggestions with regard thereto which may be received by the undersigned before that date will be duly considered.

A. MARR,

*Secretary to the Government of Bengal.*

*Draft rules.*

## Definitions.

1. In these rules unless there is anything repugnant in the subject or context,—

(a) "Commissioners" mean the Commissioners for the Port of Chittagong, as constituted by the Chittagong Port Act, 1914 (Bengal Act V of 1914), and "port" means the Port of Chittagong as defined in the said Act.

(b) "Day-break" means half-an-hour before sunrise, and "dark" means half-an-hour after sunset.

(c) "Harbour" means that part of the port which lies between Doma Khal and Chaktai Khal.

2. (1) No vessel of the burthen of 200 tons or upwards shall enter the port or move from one place to another within the port between dark and day-break without the special permission of the Commissioners: provided that a vessel which has entered the port before dark may at once proceed to a safe anchorage in any part of the port not higher than Coomb's Pillar.

(2) Vessels proceeding to sea must be under weigh in sufficient time to cross the outer bar before dark:

Provided that this rule shall not apply to vessels plying between Chittagong and Cox's Bazar and Chittagong and Barisal.

3. Steam-tugs having no vessel in tow shall be permitted to enter the port after dark at their own risk, but they shall not proceed above Coomb's Pillar. Steam-tugs shall be held liable for any damage which they may cause by moving at night.

4. No vessel of the burthen of 100 tons or upwards shall steam, sail or be towed at a speed exceeding 6 knots per hour over the ground between Gupta Crossing and Doma Khal and 4 knots within harbour limits:

Provided that this rule shall not apply to launches under 80 feet in length between perpendiculars.

5. No vessel shall be moved within the port unless the steam-tug or other agency by which such vessel is to be moved shall, in the opinion of the Commissioners, be sufficiently powerful for the purpose.

6. No vessel of the burthen of 200 tons or upwards shall steam, sail or be towed up on the flood or down on the ebb within the port above Doma Khal without the special permission of the Commissioners; and in cases where such permission is granted the officers-in-charge shall be held strictly responsible for accidents which may occur in consequence of their taking the vessels up or down at a greater speed than is absolutely necessary to keep them under command; and in every case where such permission is granted, the speed of the vessel shall not exceed 4 knots an hour through the water.

7. River steamers, vessels plying between Chittagong and Barisal and tug steamers having no vessels in tow are permitted to move up on the flood or down on the ebb at their own risk and at a speed sufficient to keep them under command; but in no case shall the speed within the port above Doma Khal exceed 6 knots an hour through the water.

8. Vessels may drop up or down the port with their anchors on the ground, vessels using their own steam-power when dropping with the tide shall in no case proceed at a greater speed than is absolutely necessary in order to keep them under command.

9. All vessels about to leave the port shall hoist the Blue-Peter at the foremast at 6 A.M. on the day previous to that on which they leave the moorings, and shall keep it hoisted until the pilot takes charge of the vessel to take her to sea.

10. All vessels anchored or moored in the stream, within the port and its approaches, shall exhibit between sunset and sunrise, where it can be best seen, but at a height not exceeding 20 feet above the hull of the vessel, a white light in a globular lantern of 8 inches in diameter, which shall be constructed as to show a clear, uniform and unbroken light, visible all round the horizon at a distance of one mile. Vessels under weigh at night shall show the lights prescribed by the Board of Trade Regulations.

11. All cargo boats, flats, sampans, budgerows, up-country boats and passenger boats of every description when under weigh after dark within the port shall carry a white light in lantern in the forepart of the vessel where it can be distinctly seen.

12. Every vessel, which is not working cargo of a draught of 12 feet and under shall anchor on the shoal side of the river between Gupta Crossing and Chaktai Khal, unless she has obtained the special permission of the Commissioners to anchor elsewhere.

13. No vessel dropping up or down the river shall anchor in the fairway, unless she be of heavy draught or of great length. No vessel shall anchor on the bars or in the fairway off the bars.

14. Vessels of less than 12 feet draught proceeding up or down the river are prohibited from anchoring in the fairway.

15. A free channel of not less than 200 yards in width shall be kept for vessels moving up or down the river in the port and also free passages to piers, jetties, landing stages, wharves, quays, docks and moorings: and all vessels shall move when ordered to clear such channel or passage.

16. The river between the salt golas and Messrs. Turner, Morrison's pontoons shall be kept clear for turning inward or outward bound vessels and no vessels shall anchor within these limits, except in cases of emergency.

17. Every vessel of over 100 tons burthen lying within the limits of the port shall be moored and shall keep a clear hawse. Lying at a single anchor is prohibited unless there is a harbour-master on board.

18. Unless moored head and stern, no vessel within the port or in the navigable channel leading thereto shall lie close to the shore, or shall in any way obstruct the passage of boats inshore.

19. Every vessel in fixed moorings shall use mooring wires or chains provided by or approved by the Commissioners, who, in case of approaching bad weather, may have the same changed or doubled at their discretion.

20. Except in case of emergency no hawser or warps shall be left out between dark and day-break without the previous sanction of the Commissioners.

21. Vessels lying in the stream or at swinging moorings shall at all times have at least one anchor at the bow with a cable bent and ranged ready to let go. Vessels with no spare hawse pipe for cables shall have a good hawser bent ready for letting go.

22. Vessels moored or anchored in the river shall keep on board a crew not less than the following scale according to their tonnage set forth below, viz.:—

			Men.
Vessels of less than 100 tons	...	...	3
„ of 100 to 199 „	...	...	4
„ of 200 to 299 „	...	...	5
„ of 300 to 499 „	...	...	6
„ of 500 to 699 „	...	...	7
„ of 700 to 1,000 „	...	...	10

In the case of a vessel of under 700 tons, one of the above number shall be serang or tindal and in the case of other vessels one of the number shall be an officer.

23. No vessel within the port above Gupta Crossing shall have any anchor or spar or other substance likely to cause damage projecting from her side.

24. All vessels on arrival in the port shall rig in their jib and driver booms and shall keep them so rigged in until the pilot takes charge of the vessel for the purpose of taking her to sea. They shall also strike their yards and masts when ordered by the Commissioners. Vessels proceeding to the jetties shall, when so required by the harbour-master in charge, remove all boats and other projections likely to damage the jetties and cranes.

25. From the 1st day of May until the 30th day of June and from the 1st day of October to the 15th day of November for all sailing vessels in the port shall send down their top-gallant yards, and have mast ropes rove ready to send down their top-gallant mast at short notice on receiving instruction from the Commissioners or when the storm signals are hoisted. Sailing vessels about to leave the port may send their top-gallant yards aloft, and rig out their jibbooms twenty-four hours before leaving moorings, provided the storm-signals are not hoisted.

26. When weather signals Nos 8, 9 or 10 are hoisted at the Port Flag Staff and Jaldia signal station, masters of vessels shall immediately take every precaution in their power to make their vessels snug and secure, by having awnings furled and the lower and topsail yards counter-braced or pointed to the wind, as seems best. Heavy hawsers shall be bent to both bower anchors ready for use.

27. (1) Any vessel of the burthen of 200 tons or upwards shall, on arrival in the port, be put into such moorings or take up such berth as may be appointed by the Commissioners.

(2) No such vessel shall be moored to, or unmoored from, its moorings (except in case of emergency) without having a harbour-master on board. Country coasting vessels of 500 tons burthen or less are exempted from taking a harbour-master on board.

28. Every vessel in any moorings or berth that may have been appointed by the Commissioners shall, on the requisition of the Commissioners, move within 24 hours to such other moorings or berth as may be appointed by the said Commissioners, and in no steam-vessel in moorings or at a berth in the port shall it be permissible, without the sanction of the Port Officer, to dismantle or work at the engines, if thereby it is made impossible for the vessel to be moved under its own steam within 24 hours to other moorings or another berth under this rule. Every application for such sanction shall be submitted by the master of the vessel to the Port Officer in writing stating the number of days or hours required to effect the repairs.

29. All steam-vessels of 200 tons burthen or over going into moorings or mooring in the stream or turning at single anchor above Gupta Crossing shall have a harbour-master on board who will remain on board till the vessel proceeds to sea or to moorings.

30. No vessel shall use any of the moorings, whether fixed or swinging, without the permission of the Commissioners.

Moorings not to be occupied without Port Commissioners' permission

31. Twenty-four hours' notice shall be given in writing to the Commissioners before a vessel is moored or unmoored in port. Applications will, as far as possible, be complied with in the order of receipt.

Application for moorings, etc., how to be made.

32. All vessels lying at swinging moorings shall, in addition to their bower chain, have the end of a good hawser also fast to the ring of the buoy or chain pennant.

Vessels at swinging moorings how to be fastened.

33. Steam-vessels occupying moorings shall not turn their screws or paddles without giving sufficient warning of their intention to do so to boats in the vicinity; they shall not put full power on when trying their engines in the moorings, nor shall any trial under steam be permitted so long as a vessel is lying at the jetties.

Steamers occupying moorings not to move screws or paddles except under limitation.

34. Every raft entering the limits of the port must have at least two men on it, and be towed by a boat or boats provided with sufficient ropes, grapnels, etc., to ensure the raft being kept under control, and to enable it to be anchored.

Rule for regulating the movements of rafts.

No raft shall enter or be moved within port limits between sunset and sunrise.

35. (1) All vessels carrying passengers shall have the Commercial Code Flag N hoisted at the masthead when approaching or leaving an anchorage in the port and no boat shall go alongside or make fast to such vessel until the flag is hauled down. It shall be the duty of the Port Police to satisfy themselves that this rule is observed.

Boats, etc., not to go alongside steam-vessels under weigh.

This rule shall not apply to a boat carrying the agent or other official who has business with the vessel.

(2) No vessel shall weigh anchor or cast off from any moorings buoy or move her engines until all passenger boats have been cast off and are clear of the vessel's side.

36. In the event of the police being required on board a vessel within the port, the following signals shall be hoisted where they may best be seen, namely:—

Signals for police.

Day Signal—Pilot Jack to be hoisted underneath the Ensign.

Night Signal—Two red globular lamps to be hoisted in a vertical line 6 feet apart.

37. No steam-vessel within port limits except in cases of emergency shall sound her whistle or siren when lying at moorings or at anchor. The tying down of the lever of the steam whistle and allowing it to go on sounding continuously is prohibited.

Vessels at moorings or anchor not to sound whistle or siren.

38. No person shall smoke or use naked lights of any description in the hold or between decks of a vessel lying in the port nor shall smoking or the use of any naked lights be allowed on the upper deck except within the compartments set apart for the captain, officers and passengers of any vessel which is loading or discharging jute, mineral oil or any other inflammable cargo.

39. Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose; such fires to be kept alight only between day-break and 9 P.M.  
Fires permitted only in galleys within stated hours.

40. When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorages shall furl their awnings, get their force pumps ready for use, and prepare for slipping their cables and chains, taking special care to see that the pins of the shackles can be immediately knocked out.  
Measures to be taken by vessels on the occurrence of a fire.

41. With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600; provided that the total number of buckets shall not be required to exceed 50 in any vessel. One-half of the number of such buckets shall be left constantly hanging up on the quarter deck or other convenient place.  
Vessels to be provided with fire buckets.

42. All vessels in port shall adopt sufficient precautions and guards to prevent injury to persons or goods through the discharge of steam from any part of the vessel.  
Carless discharge from steam pipes prohibited.

43. Masters of vessels requiring work to be performed in bilges, boilers and double bottoms, shall take precautions to ensure that working in such places is free from all danger before the men are sent into them.  
Precautions to be taken when working in bilges, etc.

44. No master or officer for the time being in charge of or doing duty on board any vessel shall, on and from the 1st day of April to the 31st day of October, inclusive, employ or cause to be employed, between the hours of 9 A.M. and 4 P.M. any European seaman or apprentice in cleaning or painting that necessitates the direct exposure of such seaman or apprentice to the rays of the sun.  
Employment of European seamen during certain hours in the hot season prohibited.

From the 1st day of April to the 31st day of October inclusive, double awnings and side screens shall be fitted over all exposed iron and steel decks and ship's sides in the way of all crew spaces. Double awnings and side screens shall also be fitted, so as to protect the officers working at the hatchways. Such double awnings and side screens are required between the hours of 7 A.M. and 5 P.M.

45. No ballast shall be discharged from any ship or landed from boats, or taken from the shore or river banks within the port and its approaches without the previous sanction of the Commissioners, who may appoint ballast guards to supervise the work, and no vessel shall discharge sand ballast, earth or other debris into boats without a proper shoot, of a pattern to be approved by the Commissioners.  
Discharge of ballast.

46. Masters of vessels fouling buoys, tide-gauges, or injuring any other property of the port shall report the same to the Commissioners in writing without delay, stating the time and manner of the occurrence.  
Masters to report injury to plant of the port.
